APRIL 2018

What Is Earth Day, And What Is It Meant To Accomplish?

Close to 48 years ago, on 22 April 1970, millions of people took to the streets to protest the negative impacts of 150 years of industrial development.

Legislation Introduced In California To Create A "Right To Repair" For Electronics

Assembly member Susan Talamantes Eggman (D-Stockton) will introduce the California Right to Repair Act. The legislation would require manufacturers of electronics to make diagnostic and repair information, as well as equipment or service parts, available to product owners and to independent repair shops.
